

## INCOMING FOURTH GRADERS

**Dear Parents,**

**During summer vacation, much learning time is lost unless the children do periodic reviews. The areas in which we will be focusing during these lazy days are Reading and Math. Your child should hand in this work to their new teachers the first week back in the fall. It will help them to keep on top of their studies and lessen the time required for review in the classroom. We have tried to include activities that can be fun for the entire family, and yet reinforce lessons learned throughout the past year. Have a blessed summer vacation.**
